Microsoft Word 2016 – Level 3

Welcome to *Microsoft Word 2016 - Level 3*. In this class you will edit and modify a document in practice test software known as GMetrix. The practice test modules in GMetrix help you learn, practice, and prepare for the Microsoft Office Specialist (MOS) Word 2016 certification exam, if you wish to pursue it. Read more about MOS and other certifications at kcls.org/certify.

Try GMetrix at Home

GMetrix Practice Tests for MOS are a premium resource that you may access from home. It requires a free software download and Microsoft Office 2013 or 2016. The basic steps to get set-up and gain access to GMetrix are listed below, but you may want to refer to the **GMetrix Quick Start Guide** for complete details. In the future, all KCLS computers will have GMetrix.

Overview for GMetrix Set-Up

1. Go to **www.gmetrix.net/download** to download and install the GMetrix Practice Test software
2. After installing you will be prompted to login with a user ID and password
3. You may resume a previous practice module, or start a new one
